

# Journal of Non-Newtonian Fluid Mechanics

## Complex Fluids Seminar Series

### May 2020 Programme

Wed. 6th May 2020, 17:00 (BST) London / 12:00 (ET) New York / 9:00 (PST) Vancouver

Virtual Seminar Speaker:

Gareth McKinley, Massachusetts Institute of Technology, Cambridge, USA

**“Painting by Numbers”: Jetting, Spraying and Splashing of Complex Fluids**

Wed. 13th May 2020, 17:00 (BST) London /  
12:00 (ET) New York / 9:00 (PST) Vancouver

Virtual Seminar Speaker “Triple Bill”:

Pier Luca Maffettone, Gaetano D'Avino

and Marco Trofa, Università degli Studi di Napoli Federico II, Italy

**Rheo-engineered Microfluidics @UNINA**

Wed. 20th May 2020, 17:00 (BST) London / 12:00 (ET) New York / 9:00 (PST) Vancouver

Virtual Seminar Speaker:

Anke Lindner, PMMH-ESPCI, Sorbonne Université, France

**Morphological transitions of flexible fibers in viscous flows**

Wed. 27th May 2020, 17:00 (BST) London / 12:00 (ET) New York /  
9:00 (PST) Vancouver

Virtual Seminar Speakers “Double Bill”:

Jeff Morris, Levich Institute, City College of CUNY, New York, USA

**Discontinuous shear thickening in dense suspensions:  
mechanisms, force networks, and fluctuations**

Wilson Poon, The University of Edinburgh, UK

**The rheology of powder incorporation: conching chocolate as a prototypical example**
